3. NEMO Program, Module, or Presentation Work Groups

- We will establish a number of work groups to begin the develop of several new and revised *modules or presentations* for local decision makers on several priority topics.**
- Work groups were established as follows:**
- CLAIRE -Pervious pavement technologies – Amy, Lark, Anna, Julie, Claire (lead), John**
- MADLINE -Bioretention for local decision makers work group establishment (Angie, Madeline (lead), Julie Shane)**
- ANNA - Salt – Anna (lead), Claire**
- JOHN - Stormwater Ponds Management for local decision makers NEMO Program – Shane, John**

- g. These work groups will meet and develop a module, presentation, or other format to be determined...ideally, a 20-35 minute presentation
 - i. Example: *“Pervious Pavement Technologies for Local Decision Makers”*
 - ii. A short presentation about the science of, update on, benefit of, cost of, demo sites in the metro, what it does for water quality and quantity, what we know from research, new research happening, myths and truths, etc.
 - iii. Ideally it would be no more than 40 PowerPoint slides.
- h. Ideally, these work groups would meet at least once prior to the February NEMO meeting. The January 15th NEMO meeting is a Work Group only date.

4. Northland NEMO website resource page –

- *JB/Theresa - Add a disclaimer to include because we are only adding the top 3 articles for each of the areas. “if you don’t find what you need, please contact NNEMO”*
- **To populate the website the following people will be in charge of content:**
 1. LID- **Anna**,
 2. Rain Gardens- **Angie**,
 3. Porous Pavement- **Louise**,
 4. Ordinances & Policies- **Julie W.** ,
 5. Streets ?,
 6. Natural Resource Planning- **Julie W**,
 7. Redevelopment- ?,
 8. Chorines- **Claire**

The information is due by the next NEMO meeting to Theresa.

Format – each person above will...

9. Title of section (provide the title of the section if different than above)
10. Content A – Provide the **best 1-2** page fact sheet on the topic.
11. Content B – the best **one** case study or demonstration project that represents the topic or practice. This could be PDF (demo fact sheet, PDF, PPT made into a PDF, a virtual tour, or a web link to it on another site)
12. Content C – would consist of the **one**, best website to go for more information.

2.
